Appendix A

Lewisham Cyclists Treasurer's financial year- end report for 2020-2021

As can be seen from the attached year-end summary we are in quite good financial shape with a year- end net worth of £3749.

Despite the losses of income from the cancelled Ride London event and a hoped-for payment for assisting with the Dunwich Dynamo donation, income has been substantially more than previous years by a factor of three or four.

Total outgoings have approximated to those of previous years. They include the exceptional retainer paid to our primary mechanic, Seb Achbiou, which Jane and I thought appropriate he effectively being a salaried employee but unable to work for us during the original lockdown.

A little clarification regarding the Deptford Folk organisation and payments to and from them. For reasons unknown to this author Deptford Folk are unwilling or unable to pay mechanics directly for their sessions. The arrangement is therefore that we (LC) pay the mechanics and then Deptford Folk reimburse us. They currently owe us a modest £20.

The London Cycling Campaign may balk at the size of our net worth and suggest that we waive the forthcoming year's grant. In that event I will advise them that we are hopeful of establishing a permanent, container-housed, cycle repair and maintenance facility and that the expense of fitting this out would be considerable.

Any comments or queries either during the April meeting or later will be welcome.
