

Lewisham Cyclists Meeting Agenda  
Dog and Bell Public House  
Prince St  
Deptford  
SE8 3JD

Wednesday 16th January 2013 6.30 pm

1. Present: Roy Volume, John Philips, Tim Collingridge, Ian Welsby, Jane Davis, Tom Ward, Mark Gillett.
2. **Apologies**: Roger Stocker
3. **Minutes of last meeting**: Not available. Will be presented at next meeting.
4. **CS5**: we agreed we will send TfL our views on this and ask how much money is to be spent on the 0.7 km of cycle path they have promised Lewisham. We will suggest this could be better spent on improving links to already existing LCN routes in Lewisham. **Action Jane**
4. Courthill Rd Consultation: This is now finished and TfL's report on it published. We will send another letter to TfL with our views on the consultation report and reiterating our view re the best option being a green light complete pedestrian phase and the apparent mix up with our original response. **Jane action**
5. Elephant and Castle North Roundabout Transport & Movement Forum: Jane informed the meeting of this meeting to discuss the development of this key area.
6. Deal's Gateway: Still no response from TfL. Will contact Rebecca Page directly.  
**Action: Jane.**
7. South Bermondsey Cycle routes including Trundley's Rd junction update. Ian showed us his footage so far. He doesn't feel we have enough evidence yet to support our case for improving this junction and wants to do some more filming. We will do this filming in late February. **Action: Tim, Jane, Ian plus interested members to be informed on elist.**
8. **Rides** : Programme is building up. Anyone can lead a ride if they are a member of LCC
9. **Website**: Tom assured us there will be no problems similar to those we had with accessing previous website when our coordinator withdrew from the group, as as we own domain name under LCC.
10. **A.O.B**  
10.1: **LOAN Bikes**: There is still one bike we have been unable to find. The individual who we were informed was in possession of it, has not replied to any of our queries, even though it seems quite clear they must be aware we have been trying to contact them. Unfortunately, as that bike was loaned on trust and no written, signed document recording the loan exists, we have no choice but to write it off.

10.2 Deptford High St. Roy queried the plans for one way traffic at the bottom of Deptford High St. and asked whether Lewisham Council were committed to permeability principles here, for cyclists. We will email to ask. **Action: Jane**

Meeting closed 8.15pm
