**Current issues to be discussed:**

Waterlink Way bridge replacement -

We asked for an update from the council officers a week or so ago. It wasn't great news: "Unfortunately a Thames Water main has been detected close to the construction site for the west-side abutment for the bridge. Thames Water need to give approval for works to proceed in proximity to their water main. An estimated completion date cannot be given at the moment as it is dependent on Thames Water. In the meantime work is proceeding on the east-side abutment for the bridge and the crane mat for the bridge installation." We will discuss any further action arising.

**Bike Buddy scheme.** LCC's online application is no longer available and we are now operating our own simplified application process. We will review progress with this.

**Family cycling library cargo trike hire.** We concluded we don't have the capacity to run this scheme and will sell one of our cargo bikes. Discuss the way forward for this scheme.

**Topical Items. (20 mins).** We have written to the new Mayor and had contact with some councillors. LCC is issuing a briefing for all councillors including newly elected urging them to support active travel initiatives. We will discuss options for engaging with Lewisham Council which has had a change of leadership and many new councillors some of whom attended recent meetings.
